BIG OLE FISH (DVD)

His House Productions presents this highly anticipated mix of 3-D animation and live action. It's a fun DVD based on the Biblical story of Jonah, that will have young people and adults "whaling" with "laughter"—when Broskee, an "energetic young boy," is faced with the "Ninevah Street playground bullies." He is gobbled up into a dilemma of disobedience that thrust him and his two friends, Cotton, "a sensible one with a southern drawl," and Kandy, "the feisty out-spoken one," into the world of the Good Book, where Broskee has to make a decision between running away, or obeying his father's instruction to tell the bullies to play nicely.

THE STINKY LOCKER (DVD)

The "Stinky Locker," based on the bible story of Shadrach, Meshach, and Abednego. With enhanced animation, Broskee and the Fam Bam prepare for another uneventful day at school. Once at school, the action begins when their day takes a turn for the worst. Young- G, the "Kooliest Guy" in the entire school, turns up the heat and pressures them to compromise their beliefs in order to fit in. Broskee gets "caught up" as he is confronted with his desire for popularity. As Broskee and the Fam Bam are pulled into the world of the Good Book, they are faced with the dilemma of whether to bow down to materialism (the "Big Bling") or face being thrown into The Stinky Locker.
